

## MEMORANDUM

Date: June 26, 2008

From: Greg Smith, Director of Parking & Transportation

To: Eastern – JHMI Shuttle passengers

Subject: Eastern – JHMI Shuttle changes

A new schedule goes into effect on Tuesday, July 1, 2008. Shuttle hours of service have been reduced.

The primary purpose of this service is to provide daytime transportation to those needed to travel between Eastern and JHMI during the work day. For those looking to use a commuting shuttle service, please make arrangements to use the Homewood – JHMI shuttle.

To those taking a vested interest in the quality and reliability of the service who take the time to provide feedback to [shuttles@jhu.edu](mailto:shuttles@jhu.edu), thanks. We want the service to be trustworthy and look forward to continued enhancements to improve the overall service.
