

JOHNS HOPKINS UNIVERSITY

Office of Parking & Transportation
3400 N. Charles St.
Baltimore MD 21218

August 10, 2007

We appreciate everyone's cooperation through the FY08 parking registration process. We are doing our best to ensure all of our customers get their desired parking assignment. We have received registrations from the majority of our registered parkers, but not everyone. Faculty and staff have until 8/17/2007 to register for parking, before we release unregistered spaces to customers. We are holding spaces for those who have not yet registered, but currently pay for a permit in a campus lot. When registration closes on 8/17/2007 the available spaces will be open to all faculty and staff.

The lots preceded by *WAIT LIST* are lots that are close to capacity (including current customers who have not yet registered). You may still select any of these options, but you will not be guaranteed a space. We will contact you once registration has closed, on or shortly after 8/20/2007. If you select a WAIT LISTED option, please reply to the email we send you with your second choice. Thank you.
